

Steering Group Formation Request

Sept 7, 2015

M. Tsuruya

Steering Group Charter

- Define the work areas and review the global TC charter
- Provide the following inputs and opportunities;
 - Discuss the workshop planning to promote the latest technologies and market trends on the 3DIC/SiP.
 - Brainstorm the areas of potential taskforce activities, and recommend the taskforce team formation to the Technical Committee
- Handle any type of 3 dimensional IC package technologies including fan-out wafer level package or integrated SiP.
- Provide the communication link from all layer of supply chain in Japan.
 - Also interact with North America and Taiwan Technology Committee for the joint programs planning.

Members

Bold: confirmed

- Leaders:
 - **Masahiro Tsuruya**: iNEMI – m.tsuruya@inemi.org
 - **Yoshihiro Tomita**: Intel - yoshihiro.tomita@intel.com
- Members:
 - **Eiji Yoshino**: Hitachi High Technologies - eiji.yoshino.ys@hitachi-hightech.com
 - **Kuniaki Yamazaki**: Corning - yamazakik1@corning.com
 - **Yoshiyuki Yokoe**: Tora Engineering – yoshiyuki_yokoe@toray-eng.co.jp
 - **Hiroshi.Tahara**: Nodoson Advanced Technologies – Hiroshi.Tahara@nordosondage.com
 - **Yoich Yamada**: Shimadzu – y-Yamada@shimadzu.co.jp
 - **Toshiya Umeda**: Miraial - t-umeda@miraial.co.jp
 - Yoshihiro Ono: Renesas - yoshihiro.ono.yk@renesas.com
 - Kosuke Kitaichi: Renesas - kosuke.kitaichi.xr@renesas.com
 - Shoji Yasunaga: Rohm - shoji.yasunaga@lsi.rohm.co.jp
 - **Hirofumi Abe**: Fuji Film - hirofumi.abe@fujifilm.com

Participation Guideline

- The SG meetings are held per SEMI Meeting system.
- Registered members are required to provide any type of contributions to the SG activities.
- Members are requested to attend the SG meetings.
 - When not available to attend, member(s) is required to notice the leaders prior to the meeting date.

Scope (draft)

Meeting Frequency:

- SG Meetings: Monthly
- Open Discussion with TC members (++): Quarterly
- Workshop/ Symposium: Annual or Bi-Annual at SEMICON Japan/ Taiwan
- Ballot Reviews: needs base

Activities:

- Program Planning:
 - SG Members Meetings to plan the entire activities
- Open Discussion:
 - What Japan needs to do for 3DIC promotion/ STD development
 - What areas does Japan TC need to develop STD
 - What are the status/trend of technology and Market
- Workshop/ Symposium:
 - Topics from the SG planning recommendation
- Joint Program with TWN or/and NA
 - Visit or Invite TWN/ NA
 - Joint Workshop
- Ballot Reviews:
