8. New Business

8.1. Equipment Data Publication (EDP) Task Force Co-Leader Jae Yong Park (Samsung) introduced the new Task force.

- The Equipment Data Publication (EDP) Task Force (TF) was approved by the I&C North America Technical Committee in November 2022.
- This TF is chartered to provide:
- Data definition and classification of equipment and subcomponent data.
(for example, process data and health data).
- Definition of minimum set of equipment and subcomponent data that can be acquired to support offline analysis such as early excursion detection/prevention.
- Identify existing standards related to how the equipment and subcomponent data content can be acquired. (e.g. SECS/GEM, EDA/Interface A, Sensor Bus, etc.)
- The goal is to develop and manage standards related to defining what classes of data will be required from equipment and subcomponents, with focus on data content and access to end customers.

IDMs and equipment suppliers are needed to join this critical effort.
