

## STANDARDS NEW ACTIVITY REPORT FORM (SNARF)

Date Prepared: 10 March, 2020 Revised (if Applicable): \_\_\_\_\_

**SNARF for:** Revision to SEMI F40-0699E (Reapproved 0918): Practice for Preparing Liquid Chemical Distribution Components for Chemical Testing

**Originating Global Technical Committee:** Liquid Chemical

**Originating TC Chapter:** North America

**Task Force (TF) in which work is to be carried out:** High Purity Polymer Material and Components

**Submitted by:** Bob McIntosh **Company:** Georg Fischer Piping Systems

**Email:** bob.mcintosh@georgfischer.com, bob@enviro-e.com

**Phone:** +1 503 997 8855

Refer to *Procedure Manual* § 2.2.4 for more information on properly filling out the SNARF.

### 1. Rationale:

#### a: Describe the need or problem addressed by this activity.

(Indicate the customer, what benefits they will receive, and if possible, quantify the impact on the return on investment [ROI] if the Document is implemented.)

During the revision of SEMI F57 we added raw material pellets to the list of items to measured for leachable contaminants. It was determined that there was not adequate information in current version of SEMI F40 for testing of pellets to insure that reported results would be comparable.

This ballot will provide section 10.7 with concise directions on testing of pellets for High Purity Components used in UPW and UHP chemicals systems. Included will be the weight of pellets, the volume of eluent to be use, directions on mixing or not, etc.

Additionally, during the review of the standard there are a number of clarifications and changes that needed to be made to update the standard and to align with current practices.

#### b: Estimate effect on industry. Check one of the following:

1: Major effect on entire industry or on multiple important industry sectors

- identify the relevant sectors: \_\_\_\_\_

2: Major effect on an industry sector

- identify the relevant sector: \_\_\_\_\_

3: Major effect on a few companies

- identify the relevant companies: \_\_\_\_\_

4: Slight effect or effect not determinable

#### c: Estimate technical difficulty of the activity. Check one of the following:

I: No Difficulty – Proven concepts and techniques exist or quick agreement is anticipated

II: Some Difficulty – Disagreements on known requirements exist, but developing consensus is possible

- III: Difficult – Limited expertise and resources exist and/or achieving consensus is difficult
  - IV: Extremely Difficult – Expertise and resources are scarce and/or achieving consensus is very difficult
- 

## 2. Scope:

### a: Describe the technical areas to be covered or addressed by this Document development activity.

(For Subordinate Standards, list common concepts or criteria that the Subordinate Standard inherits from the Primary Standard, as well as differences from the Primary Standard.)

To add new section 10.7 to define concise directions on testing of pellets for High Purity Components used in UPW and UHP chemicals systems.

Make changes as required to existing other sections to address concerns about procedures, terminology, etc..

---

### b: Expected result of activity

- |  |   |
|--|---|
| <input type="checkbox"/> New Standard or Safety Guideline (including replacement of an existing Standard or Safety Guideline)  | <input type="checkbox"/> Line-item revision to two or more existing Standards or Safety Guidelines                |
| <input type="checkbox"/> New Subordinate Standard to an existing Standard or to a new Primary Standard to be developed concurrently with this new Subordinate Standard | <input type="checkbox"/> Reapproval of a Standard or Safety Guideline   |
| <input type="checkbox"/> New Preliminary Standard  | <input type="checkbox"/> Removal of a Standard or Safety Guideline  |
| <input checked="" type="checkbox"/> Major revision to an existing Standard or Safety Guideline   | <input type="checkbox"/> Withdrawal of a Standard or Safety Guideline   |
| <input type="checkbox"/> Line-item revision to an existing Standard or Safety Guideline  | <input type="checkbox"/> Reinstatement of a Standard or Safety Guideline  |
|  | <input type="checkbox"/> Publication of an existing Standard or Safety Guideline as an American National Standard |
|  | <input type="checkbox"/> New Auxiliary Information  |
|  | <input type="checkbox"/> Modification of existing Auxiliary Information   |

For a new Subordinate Standard, identify the Primary Standard here: \_\_\_\_\_

For revision of existing Standard(s) or Safety Guideline(s), identify the Standard(s) or Safety Guideline(s) that are to be revised here: SEMI F40, and identify which parts of the Standard(s) or Safety Guideline(s) that are to be revised. (Check all that apply.)

### ■ Modification of an existing part of Standard(s) or Safety Guideline(s) including Appendices, Complementary Files, and Supplementary Materials

- Addition of one or more Appendices or Complementary Files to an existing Standard or Safety Guideline
- Addition of one or more Related Information sections or Various Materials to an existing Standard or Safety Guideline
- Revision or addition of one or more Subordinate Standards to an existing Primary Standard

**For Standards, identify the Standard Subtype below:**

- Classification
  - Guide
  - Practice
  - Specification
  - Test Method
  - Terminology
  - Miscellaneous (describe:)
- 

**3. Projected Timetable for Completion:**

**a: General Milestones**

- a. Activity Start: March 2020
  - b. 1<sup>st</sup> Draft by: \_\_\_\_\_
  - c. (Optional) Informational Ballot by: \_\_\_\_\_
  - d. Letter Ballot by: May/June 2020, Cycle 5-2020
  - e. TC Chapter Approval By: July 2020
- 

**4. Liaisons:**

**a: List SEMI Global Technical Committees, TC Chapters, Subcommittees, or Task Forces in your or other Regions/Locales that should be kept informed regarding the progress of this activity.**

*(Refer to SEMI Standards organization charts and global technical committee charters as needed.)*  
None.

**b: List any planned Type I Liaisons with external nonprofit organizations (e.g., SDO) that should receive Draft Documents from Standards staff for feedback during this activity and be notified when the Letter Ballot is issued (see Procedure Manual § 7).**

None.

**c: Intercommittee Ballots (check one):**

- will be issued – identify the recipient global technical committee(s): \_\_\_\_\_
  - will not be issued
- 

**5. Safety Considerations:**

**The resulting Document is expected (Check one):**

- to be a Safety Guideline
- NOT to be a Safety Guideline

**NOTE FOR 'to be a Safety Guideline':** When all safety-related information is removed from the Document, the Document is NOT technically sound and complete – Refer to § 15.1 of the *Regulations* for special procedures to be followed.

**NOTE FOR 'NOT to be a Safety Guideline':** When all safety-related information is removed from the Document, the Document is still technically sound and complete.

**6. Intellectual Property Considerations:**

**a: For a new Standard or Safety Guideline and for any part to be modified or added in a Revision of published Standards and Safety Guidelines (Check one):**

- the use of patented technology is NOT required.
- patented technology is intended to be included in the proposed Standard(s) or Safety Guideline(s).  
**(If the second box is checked, check one):**

- Letter of Intent received
- Letter of Intent not received

**b: For Revision, Reapproval, Reinstatement, or Withdrawal of existing Standard(s) and Safety Guideline(s) (Check one):**

- there is no known material patented technology necessary to use or implement the Standard(s) and Safety Guideline(s)
- there is previously known material patented technology necessary to use or implement the Standard(s) and Safety Guideline(s)

**c: The body of the Document and any Appendices, Complementary Files, Related Information sections, or Various Materials that may or may not be a part of the Document by reference (Check one):**

- will incorporate Copyrighted Item
- the incorporation of Copyrighted Item will NOT be required

**NOTE FOR 'the use of patented technology or the incorporation of Copyrighted Item(s) is NOT required':** If in the course of developing the Document, it is determined that the use of patented technology or Copyrighted Item(s) is necessary for the Document, the provisions of *Regulations* § 16 must be followed.

**NOTE FOR 'will incorporate Copyrighted Item':** A copyright release letter must be obtained from the copyright owner prior to publication.

**7. Comments, Special Circumstances:**

**8. TC Member Review (Check one):**

took place between (put dates here: 03/11/2020 and 03/25/2020 ) before approval at the TC Chapter Meeting, or

- took place between (put dates here: MM/DD/YYYY and MM/DD/YYYY ) before approval by the GCS, or
- is not required for this SNARF.

**NOTE FOR 'TC Member Review':** A TC Member Review is required by the *Regulations* for a period of at least two weeks before approval of a new, or a major revision of an existing, Standard or Safety Guideline. (See *Regulations* ¶ 8.2.1)

**9. Approval Dates:**

TC Chapter or GCS: \_\_\_\_\_  
 Recorded in TC Chapter Minutes: \_\_\_\_\_
