Required Meeting Elements

Required Meeting
Elements

- Presented by Koga-san

Previous activities

Previous TF actions

- Doc#6550A was approved with editorial changes by JA TC Chapter at its Dec.-2023 meeting and **published as E113-0724.**
(#6550Aは2023年12月のJA TC Chapter会議でEditorial Change付承認→**E113-0724として出版済み**)
- There was an idea of combining the NA RF Measurement TF and this TF and to for a Global TF, but no consensus was achieved.

TF Discussion @ this meeting

Proposal of Line-Item(s) Revision

- At the time of adjudication of Doc.#6550A, a couple comments deferred to future TF considerations, which will be proposed as a Line-Item revision SNARF to the TC Chapter Today. (The action was unanimously supported by the TF)
- The TF also agreed to seek approval of Letter Ballot submission in cycle 3 or later.

Next meeting

- Next meeting timing is TBD (To be coordinated through emails)
